

USS Cabildo (LSD-16) Crewmembers Association  
Webmaster Report for 2017

Warren Gammeter – September 12, 2017

2017 Expenses:

Website:

E-host web hosting \$155.40

Newsletter:

Constant Contact \$204.00

Total Expenses: \$359.40

Note: There was no domain name registration expense this year as I renewed for two years last year.

Website update: E-Host, the company that hosts our [www.usscabildo.org](http://www.usscabildo.org) website, merged into another company and we experienced some up time problems when they consolidated their data centers. Once that was completed we have not had any problems since to my knowledge.

Constant Contact: The software used for our e-mail newsletter continues to work well and saves us 2 or 3 times its cost in paper, printing and postage. We still mail about 30 hard copies of our newsletter to members who do not have e-mail. It's a really nice way to send out notices and reminders to our members.
