

Cabildo Reunion Supporters,

First let me apologize for Wednesday's Zoom session failure. I realized that I needed two open ports for my PC, one for the camera and one for the microphone. I only had one available and was unable in an hour to work around that problem. 10 minutes before the meeting I started the session using my iPhone, I was unable to get back to the page that allows me to let people to join the session. I have resolved my PC problem and will do a few practices session using my iPhone before I ever attempt to use it again for a zoom session.

Up for consideration at the meeting were two proposals, four days in San Mateo near San Francisco and an eight-day cruise to and from Alaska from Seattle. Leo and Dale each polled several reunion regulars that I did not already have reunion preferences from. When we combined all the responses it was clear that we did not have enough members to support either proposal. So, regretfully after three proposals in December and two in January we will not have a 2025 reunion.

Regards, Warren
